Independent Auditor's Report

The Mayor and City Council
City of Conway, Arkansas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of City of Conway, Arkansas (the City), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Conway Corporation or the City of Conway Advertising and Promotion Commission, the aggregate discretely presented component units. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for such entities, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Conway, Arkansas, as of December 31, 2015, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in *Note 1* to the financial statements, in 2015 the City implemented the provisions of Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No.27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, pension and other postemployment benefit information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2016, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Conway, Arkansas

Management's Discussion and Analysis

December 31, 2015

The following discussion and analysis of the City of Conway, Arkansas' (the City) financial performance provides an overview of the City's financial activities for the year ended December 31, 2015. Readers should consider the information presented here in conjunction with the City's financial statements that follow this section.

Financial Highlights

- Total assets of the City exceeded total liabilities at the close of 2015 by \$132,872,744. Of this amount, \$154,768,783 represents the City's net investment in capital assets; \$15,363,472 is restricted for debt service, capital improvements and other restrictions; and there is an unrestricted net deficit of \$37,259,511.
- The City recorded a beginning balance adjustment of \$41,376,104 associated with the City's implementation of Governmental Accounting Standards Board (GASB) Statement No. 68 – *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. This amount represents the effect of recording the City's portion of the net pension liability of, and deferred outflows related to, the pension plans illustrated in detail with *Note 10* and *Note 18*. The 2014 financial information contained in this management's discussion and analysis has not been restated for the adoption of GASB 68.
- The City made a nonrecurring transfer to move the beginning fund balance of the airport activities from the general fund to a new airport enterprise fund in the amount of \$26,412. In addition, there was a capital contribution of \$27,214,253 from the governmental activities to the new airport enterprise fund.
- Number of major capital facilities financed with the proceeds, 4,129,705 (3.2%) in 2015. Net position of the governmental activities before transfers increased \$2,345,058 (1.8%). Net position of the City's business-type activities, consisting of sanitation and airport operations, before transfers increased by \$1,771,278 (287%).
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$36,770,594. The combined governmental funds fund balances increased \$19,699,748 (115%) from the prior year. The primary components of this change was that debt was issued and refunded during the year for a net increase in fund balance of \$24,169,602. The majority of governmental fund balances (\$30,386,708) are considered restricted to specific purposes at December 31, 2015, and \$6,340,494 is reported as unassigned and can be spent at the discretion of the City Council.
- The General Fund reported fund balance of \$6,383,886 at the end of the current year. Unassigned fund balance for the General Fund was \$6,340,494, or 21%, of total General Fund expenditures. There was a \$1,326,359 increase in the total fund balance for the General Fund for the year ended December 31, 2015.
- The City's total debt increased by \$21,913,468 (66%) during the current year. The key factor in this increase was the issuance of special obligation debt for street projects.

City of Conway, Arkansas

Management's Discussion and Analysis

December 31, 2015

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to that of a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future periods, *e.g.*, uncollected taxes and earned but unused vacation leave.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, police and fire, public works, parks and recreation, and municipal airport. The business-type activities of the City consist only of sanitation operations.

ness of the entity's internal control or compliance. This communication is an integral part of an ernment), but also its component units, Conway Corporation and the City of Conway Advertising and Promotion Commission. Financial information for these component units are reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on Pages 13–14 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

City of Conway, Arkansas
Management's Discussion and Analysis
December 31, 2015

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 24 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, the Street Fund, the Debt Service Fund and the Airport Grant Fund, which are considered to be major funds. Data from the other 20 governmental funds are combined into a single, aggregated presentation.

The basic governmental fund financial statements can be found on Pages 15–18 of this report.

Proprietary Funds. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The City maintains two enterprise funds, which are a type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for its sanitation operations and airport operations.

The basic proprietary fund financial statements can be found on Pages 19–21 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The City maintains two different types of fiduciary funds. The Pension Trust Fund is used to report resources held in trust for retirees and beneficiaries covered by the Nonuniformed Employees' Defined Benefit Pension Plan. The Agency Fund reports resources held by the City in a custodial capacity for individuals, private organizations and other governments.

The basic fiduciary fund financial statements can be found on Pages 22–23 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on Pages 24–76 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's General Fund and Street Fund budgets and the City's progress in funding its obligation to provide pension and other postemployment benefits to its employees. Required supplementary information can be found on Page 77 of this report.

City of Conway, Arkansas
Management's Discussion and Analysis
December 31, 2015

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$132,872,744 at December 31, 2015. The 2014 financial statements were not restated for the implementation of the accounting change for the adoption of GASB 68.

The largest portion of the City's net position (\$154,768,783) reflects its investment in capital assets, *e.g.*, land, buildings, improvements other than buildings, machinery and equipment, and infrastructure, less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be utilized to liquidate these liabilities. An additional portion of the City's net position (\$15,363,472) represents resources that are subject to restrictions as to how they may be used, and remaining is an unrestricted net deficit of \$37,259,511.

The City's overall net position increased \$4,129,705 from the prior year. The reasons for the overall increase are discussed in the following sections for the governmental activities and business-type activities.

*The cumulative effect of applying GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, resulted in the beginning statement of net position for 2015 being restated. Fiscal year 2014 was not restated.

Governmental Activities. Governmental activities decreased the City's net position by \$26,852,551 from the prior year for an ending balance of \$101,273,347. The decrease was the result of revenues exceeding expenses by \$2,345,058 in 2015 and net transfers of \$29,197,609. A significant portion of the transfer activity was transfers of \$29,634,290 to the airport.

Business-Type Activities. Business-type activities increased the City's net position by \$30,982,256 to an ending net position of \$31,599,397. The increase is the result of the transfers of \$29,634,290 from governmental activities to the airport, sanitation net income of \$707,924 less transfers to the governmental activities of \$423,312 and airport net loss of \$799,802 excluding transfers.

City of Conway, Arkansas
Management's Discussion and Analysis
December 31, 2015

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental Funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of December 31, 2015, the City's governmental funds reported combined ending fund balances of \$36,770,594, an increase of \$19,699,748 during the year. \$30,386,708 is reported as *restricted fund balance* for capital projects and debt service. In addition, \$43,392 of the governmental fund balances is *nonspendable*, representing inventories and prepaid expenditures. \$6,340,494 constitutes *unassigned fund balance* and is available for spending at the government's discretion.

The *General Fund* is the chief operating fund of the City. At the end of the year, unassigned fund balance of the general fund was \$6,340,494, while the total fund balance increased \$1,326,359 to \$6,383,886. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 21.0% of total general fund expenditures, while overall General Fund balance represents 21.2% of that same amount.

The *Street Fund*, a major fund, had an increase of \$1,065,763 to an overall Street Fund balance of \$4,565,978 at the end of the year, which is restricted for street maintenance and construction.

The *2015 Sales Tax Capital Improvement Fund*, a major governmental fund, had an increase in fund balance of \$14,475,187 during the year to bring the year-end fund balance to \$14,475,187. The increase is due to the \$20.3 million in bond proceeds for capital improvements less capital expenditures incurred during the year.

Proprietary Funds. The City's proprietary funds provide the same information found in the government-wide financial statements, but with more detail.

Net position at the end of the year amounted to \$901,753 for sanitation operations, an increase from the prior year of \$284,612. Net position at the end of the year amounted to \$30,697,644 for airport operations, an increase of \$30,697,644. Factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

City of Conway, Arkansas
Management's Discussion and Analysis
December 31, 2015

General Fund Budgetary Highlights

Original Budget Compared to Final Budget. The final amended General Fund budget had total appropriations of \$2,219,069 (7.5%) more than the original budget of \$29,596,928. The primary purpose of the amendments was to increase budgeted revenues and expenditures to reflect long-term debt issuance for airport construction expenditures.

Final Budget Compared to Actual Results. Actual General Fund expenditures for the year were \$1,649,783 (5.2%) less than final budgeted expenditures. In addition, actual General Fund revenues exceeded final budgeted revenues by \$2,019,817 (6.4%) primarily due to more than expected in grant revenue, resulting in an overall increase of \$3,210,365, \$3,669,600 more than the final budget deficit.

Capital Assets and Debt Administration

Capital Assets. The City's investment in capital assets for governmental and business-type activities as of December 31, 2015, amounts to \$192,703,903 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment and infrastructure. The total increase in the City's investment in capital assets for 2015 was 3.0%.

Major capital asset events during 2015 included the following:

- A transfer of \$32,214,253 (net of accumulated depreciation) from governmental activities to business-type activities for the airport.
- The airport placed into service \$28,430,175 in infrastructure
- Construction in progress additions were \$10,132,917.
- Depreciation expense totaled \$10,439,678.

Additional information on the City's capital assets can be found in *Note 4* on Pages 37–38 of this report.

City of Conway, Arkansas
Management's Discussion and Analysis
December 31, 2015

Long-Term Debt. At December 31, 2015, the City's primary government had \$49,450,958 of long-term debt outstanding, including bonds payable of \$45,679,962, secured solely by specified revenue sources, *i.e.*, revenue bonds.

	Governmental Activities		Business-Type Activities		Total	
	2015	2014	2015	2014	2015	2014
Bonds payable	\$ 45,679,962	\$ 23,952,611	\$ -	\$ -	\$ 45,679,962	\$ 23,952,611
Notes payable	3,200,000	8,300,000	5,750,000	410,587	8,950,000	8,710,587
Leases payable	570,996	624,292	-	-	570,996	624,292
Total	\$ 49,450,958	\$ 32,876,903	\$ 5,750,000	\$ 410,587	\$ 55,200,958	\$ 33,287,490

Total long-term debt at December 31, 2015, increased \$21,913,468, an increase of 66%. The net increase is primarily the result of a new special obligation debt issuance that refunded existing special obligation debt and provided approximately \$20.2 million in capital projects funds for the costs of constructing, extending and improving certain City streets.

The City is within all of its legal debt limitations. Under the Arkansas Constitution, the City is allowed to issue, with voter approval, general obligation debt up to 20% of total assessed valuation. The City had no outstanding general obligation bonds at December 31, 2015. The City is allowed to issue short-term financings (maturities of less than five years) up to 5% of total assessed valuation. Outstanding short-term financings at December 31, 2015, of approximately \$9 million are well below the statutory limit of \$51,694,487. Voter approval is not required for short-term financing.

Additional information regarding the City's long-term debt can be found in *Note 5* on Pages 39–45 of this report.

Economic Factors and Next Year's Budgets and Rates

Sales tax revenue in 2015 was up compared to the previous year for the first time since 2012. Management does not consider one year of data to be a trend, therefore, it opted to continue with an ultra-conservative approach and budget flat amounts for sales tax for 2016. This is because sales tax represents such a large portion of the City's budget, and any economic downturns have the potential to greatly impact operations for that year. There have only been two years in the history of the City's sales tax, 2002 and 2009, in which collections were less than the prior year. City management feels like it can safely budget flat sales tax revenue without encountering too much risk, but to budget for sales tax revenue increases and then have them not come to fruition can cause major problems in the City's ability to stay within its budgetary expenditure limits.

City of Conway, Arkansas
Management's Discussion and Analysis
December 31, 2015

City Council elected in 2014 to increase the City's general millage rate from 1.9 mills to 3.0 mills. The 2016 budget year will be the first full year that this increase in revenue will be seen. The City expects an approximate increase of \$1.1 million to be realized in the General Fund for this action. A condition of the tax increase was that the City Council promised to hire 10 new police officers to increase the department's presence in the community. The 2016 budget includes these new positions, at a cost of about \$575,000.

The City's budget for 2016 is balanced with total resources greater than or equal to total expense appropriation within each fund, as well as in the aggregate. Total estimated revenues amount to \$59,823,671, and total expenses amount to \$55,451,445. This leaves a \$4,372,226 surplus to be used for appropriating Parks A&P tax revenue for park construction and improvements, and also for appropriating Parks and Street impact fee revenue for adding park and street capacity as projects may be identified during the year. Approximately \$500,000 of the surplus lies in the General Fund, which City Council intends to use to increase the fund balance in case unforeseen expenditures arise.

Request for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, 1201 Oak Street, Conway, Arkansas 72032.

City of Conway, Arkansas
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
December 31, 2015

Total Fund Balances – Total Governmental Funds	\$	36,770,594
Amounts Reported for the Governmental Activities in the Statement of Net Position are Different Because:		
Capital assets used in governmental activities are not financial resources and are not reported in the funds.		151,420,989
Property tax, grants receivable and other receivables are not available to pay for current-period expenditures and, therefore, are deferred in the funds.		5,452,066
Expenses for pensions reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental fund financial statements in the current year. This is the change in the deferred amounts for pension items reported in the governmental fund statements.		7,497,893
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds. Those liabilities are as follows:		
Accrued interest payable on long-term debt		(667,904)
Accrued compensated absences		(1,741,191)
Net pension liability		(48,008,142)
Bonds payable, net		(45,679,962)
Notes payable and obligations under capital lease		(3,770,996)
		(99,668,195)

Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
Year Ended December 31, 2015

Net Change in Fund Balances – Total Governmental Funds	\$ 19,699,748
<p>Governmental funds report capital outlays as expenditures. However, in the government-wide statement of activities and changes in net position, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.</p>	
Capital asset purchases	12,438,924
Depreciation expense	(7,855,719)
Capital asset transfers to proprietary funds	(32,214,253)
<p>Property tax and other revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.</p>	
	(1,836,700)
<p>Long-term debt issuance provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.</p>	
	(32,746,275)
<p>The repayment of principal on long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.</p>	
	11,164,969
<p>Long-term debt transfer to proprietary funds</p>	
	5,000,000
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This is the net change in these items this year.</p>	
Accrued interest	(501,133)

Note 1: Nature of Operations and Summary of Significant Accounting Policies

The City of Conway, Arkansas (the City), is a municipal corporation operating under the authority of Arkansas state statute. The City operates under an elected mayor-council form of government. Eight elected council members and the Mayor set policy for the City. The accounting and reporting policies of the City conform to accounting principles generally accepted in the United States of America for state and local governments as defined by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting and reporting policies of the City.

Reporting Entity

The accompanying government-wide financial statements present the financial statements of the City and its component units. The component units are legally separate entities for which the City is considered to be financially accountable. Accountability is defined as the City's substantive appointment of the majority of the component unit's governing board. Furthermore, to be financially accountable, the City must be able to impose its will upon the component unit or there must be a possibility that the component unit may provide specific financial benefits to or impose specific financial burdens on the City. These component units are further distinguished between Blended Component Units, presented as part of the primary government, and Discretely Presented Component Units, presented separately.

The City's defined benefit plans, being fiduciary in nature, were not evaluated as potential component units but instead are reported as fiduciary funds.

The City's primary government consists of those funds or organizations that make up the legal entity for which it is financially responsible. Under these criteria, the following are included in the primary government reporting entity:

Discretely Presented Component Units

Conway Corporation (the Corporation) – The Corporation provides electric, water, waste water treatment, cable, internet and telephone services to industrial, residential, commercial and institutional customers in the City of Conway, Arkansas. Appointments to the Corporation's Board of Directors, issues of additional indebtedness, rate changes, and changes in services are subject to approval of the City Council. Complete financial statements of the Corporation can be obtained from its administrative offices at 1307 Prairie Street, Conway, Arkansas 72034.

The City of Conway Advertising and Promotion Commission (the Commission) – The governing body of the Commission is appointed by the Mayor of Conway subject to City Council approval. The City has the power to impose its will on the Commission. The Commission acts autonomously and serves as the sales and advertising office for the City's convention and tourism industry. Complete financial statements of the Commission can be obtained from the City of Conway Finance Department, 1201 Oak Street, Conway, Arkansas 72032.

City of Conway, Arkansas

Notes to Financial Statements

December 31, 2015

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements as follows:

Government-Wide Financial Statements

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component units. Fiduciary activities are excluded from the government-wide statements because they cannot be used to support the City's own programs. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The statement of activities demonstrates the degree to which the direct expenses of a given function or identifiable activity are offset by program revenues. Direct expenses are those that are clearly associated with a specific function or identifiable activity. Expenses that cannot be specifically identified to a particular function are charged to funds based on time spent for that function and are included in the functional categories. Program revenues include (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or identifiable activity and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program or identifiable activity.

Fund Financial Statements

The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund type—governmental, proprietary and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and major enterprise funds, each displayed in a separate column. All other governmental and enterprise funds are aggregated and reported as nonmajor funds.

The City reports the following major governmental funds:

The *general fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits and charges for services.

The *street fund* accounts for gasoline and road taxes received from the state and county levies. Revenues are expended for maintenance and repair of streets and sidewalks.

The *2012 sales tax capital improvement fund* accounts for the acquisition and construction of major capital facilities financed with the proceeds of the 2015 Sales and Use Tax Refunding and Capital Improvement Bonds.

Notes to Financial Statements

December 31, 2015

The City reports two major enterprise funds. They account for the City's Sanitation Department operations and the City's Airport operations, which are primarily supported by user charges.

Additionally, the City reports the following fund types:

The *pension trust fund* accounts for assets held in trust for the Nonuniformed Employees' Defined Benefit Pension Plan. The pension trust fund is accounted for in essentially the same manner as proprietary funds.

The *agency fund* accounts for monies collected and held by the City until they are disbursed to various governmental agencies.

Measurement Focus and Basis of Accounting

Government-Wide, Proprietary and Fiduciary Funds

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

In proprietary funds, operating revenues and expenses are distinguished from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the principal ongoing operations of the fund. All revenues and expenses not meeting this definition are reported as nonoperating items.

Nonexchange transactions, in which the City receives (or gives) value without directly giving (or receiving) equal value in exchange, include taxes; fines and forfeitures; grants, entitlements and similar items; and donations. Recognition standards are based on the characteristics and classes of nonexchange transactions. Franchise taxes, other taxes, and fines and forfeitures are recognized as revenues, net of estimated refunds and uncollectible amounts, in the accounting period when an enforceable legal claim to the assets arises and the use of resources is required or is first permitted. Grants, entitlements and donations are recognized as revenues, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the provider have been met. Amounts received before all eligibility requirements have been met are reported as unearned revenues. Grants and similar aid to other organizations are recognized as expenses as soon as recipients have met all eligibility requirements. Amounts paid before all eligibility requirements have been met are reported as prepaid items.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Governmental Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and liabilities are generally included on the balance sheet. The statement of revenues, expenditures and changes in fund balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in available spendable resources. General capital asset acquisitions are reported as expenditures and proceeds of general long-term debt are reported as other financing sources. Under the modified accrual basis of accounting, revenues are recognized when both measurable and available.

The City considers revenues reported in the governmental funds to be available if they are collectible within 60 days after year-end. Principal revenue sources considered susceptible to accrual include taxes, federal funds, local funds and investment earnings. Other revenues are considered to be measurable and available only when cash is received by the City. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, compensated absences and obligations for workers' compensation, which are recognized as expenditures when payment is due. Pension expenditures are recognized when amounts are due to a plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The City considers all liquid investments with original maturities of three months or less to be cash equivalents. At December 31, 2015, cash equivalents consisted primarily of money market accounts with brokers and certificates of deposit.

Investments and Investment Income

All investments in the City's pension funds are carried at fair value. Fair value is determined using quoted market prices for all investments.

Investment income includes dividends and interest income and the net change for the year in the fair value of investments carried at fair value. Investment income is assigned to funds with which the related investment asset is associated.

Prepaid Items

Prepaid items in governmental funds are accounted for under the consumption method.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Capital Assets

Capital assets, which include infrastructure, are reported in the government-wide financial statements and the fund financial statements for proprietary funds. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation.

Capital assets are defined as assets with an initial value or cost greater than or equal to \$5,000 and an estimated useful life of greater than one year. Exceptions are for infrastructure assets which are defined as having a constructed cost greater than \$250,000.

Capital assets are depreciated using the straight-line method over their estimated useful lives ranging from five to 50 years for infrastructure; 10 to 50 years for buildings and improvements; and three to 20 years for furniture, vehicles and equipment.

Depreciation expense is charged directly to the department/function based on the department that utilizes the related asset.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the columns for governmental activities, business-type activities and component units. These amounts are also reported as liabilities in the fund financial statements for proprietary funds. Debt premiums, discounts and deferred losses on refundings are generally deferred and amortized using the effective interest rate method. Long-term debt is reported net of the applicable debt premium or discount.

In the fund financial statements, governmental fund types recognize debt premiums, as well as debt issuance costs, during the current period. The face amount of the debt issued and premiums received are reported as other financing sources. Issuance costs, whether or not withheld from the actual proceeds received, are reported as debt service expenditures.

Compensated Absences

City employees earn sick pay and vacation leave benefits on the basis of length of service time. Subject to certain restrictions, City employees are compensated (historically from the fund which the employee is assigned) for unused sick and vacation time upon leaving the City's employment. All sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. In governmental funds, a liability for these amounts is reported only as payments come due each period upon the occurrence of relevant events such as employee resignations and retirements. For governmental activities, the liability for compensated absences is generally liquidated from the general fund.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Pensions

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's defined benefit pension plans (the Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows/Inflows of Resources

Deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has two items that qualify for reporting in this category. Each of the two items are related to pensions, with one being the amount of contributions made to the pension plans after the measurement date, and the other the difference in investment experience between actual earnings and projected earnings on pension plan investments and other pension items. Deferred outflows related to contributions made after the measurement date will be used in the next year to reduce the net pension liability. The remaining amounts will be amortized to pension expense over the following years as shown within *Note 10*.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The City's deferred inflows include unavailable property tax revenues and grant revenues in the governmental funds and deferred pension inflows in the government-wide statement of net position and proprietary funds statement of net position. Unavailable revenue arises under the modified accrual basis of accounting and qualifies for reporting in this category. Accordingly, this item is only reported in the governmental funds balance sheet. Governmental funds report unavailable revenue from property taxes and grant receivables. The other item, deferred pension inflows, consists of the difference between the expected and actual experience related to the pension plans as well as the difference in the assumption changes. Deferred pension inflows are amortized to pension expense over future periods as shown within *Note 10*.

Fund Balance – Governmental Funds

The fund balances for the City's governmental funds are displayed in three components:

Nonspendable – Nonspendable fund balances are not in a spendable form or are required to be maintained intact.

Restricted – Restricted fund balances may be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

Unassigned – Unassigned fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications.

City of Conway, Arkansas

Notes to Financial Statements

December 31, 2015

The City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City applies unassigned amounts when an expenditure is incurred for purposes for which the amount in the unrestricted fund balance classification could be used.

Net Position

Net position of the City is classified in three components. Net investment in capital assets, consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of borrowings used to finance the purchase or construction of those assets. Restricted net position is noncapital assets that must be used for a particular purpose as specified by creditors, grantors, contributors or laws and regulations of other governments or are imposed by law through constitutional provisions or enabling legislation, reduced by the outstanding balances of any related borrowings. Unrestricted net position is the remaining assets less remaining liabilities that do not meet the definition of net investment in capital assets or restricted.

When both restricted and unrestricted resources are available for use, generally it is the City's policy to use restricted resources first.

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general and street funds. All annual appropriations lapse at year-end and are re-established in the succeeding year.

Adoption of New Accounting Standards

The City implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No.27*, for 2015. The statement includes guidance for accounting for participating employers in single employer and agent multiple-employer defined benefit pension plans, cost-sharing plans, defined contribution plans and plans with insured benefits. The note disclosure and required supplementary information requirements for employers whose employees are provided with defined benefit pensions through qualified trusts also are addressed. Finally, the statement includes guidance on accounting for special funding situations where an entity other than the employer government is legally responsible for plan contributions.

The Statement also requires employers participating in cost-sharing multiple-employer plans to recognize their proportional share of the plan's collective net pension liability, pension expense and deferred outflows of resources and deferred inflows of resources in the employer's financial statements. The pension expense is no longer based on the contractually required contribution or contributions actually made, but is actuarially determined. This results in the pension expense and liability being recognized as benefits are earned by employees, and increases current pension expense along with the recognition of the proportional share of the net pension liability. The fiscal year 2015 beginning net position has been restated to reflect the implementation of the new accounting standard (See *Note 18*). This information has been added to *Note 10* and to the required supplementary information, as required.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

The City implemented Governmental Accounting Standards Board (GASB) Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, for 2015. The statement includes guidance for accounting for contributions made to defined benefit pension plans after the measurement date of the net pension liability but prior to the government’s fiscal year-end. See *Note 10* for a detail of these amounts as they relate to the specific pensions of the City.

New Governmental Accounting Standards Board (GASB) Pronouncements

GASB has issued the following statements which the City has not yet adopted and which require adoption subsequent to December 31, 2015:

GASB Statement No. 72, Fair Value Measurement and Application

This statement addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The provisions of GASB No. 72 are effective for periods beginning after June 15, 2015, and would be applied on a retroactive basis. The City has not yet determined the potential impact, if any, that this statement could have on its financial statements.

GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans

This statement replaces GASB No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace requirements for those plans previously followed in GASB No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, GASB No. 43 and GASB No. 50, *Pension Disclosures*. The statement is intended to provide additional information to enhance decision-making, support accountability and create additional transparency in the accounting and financial reporting for these plans. This statement is effective for periods beginning after June 15, 2016. The City has not yet determined the potential impact, if any, this statement could have on its financial statements.

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions

This statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions. This statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources and expense/expenditures. This statement also identifies methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to the actuarial present value and attribute the present value to periods of employee service.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

It replaces the requirements of GASB No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and GASB No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans* for GASB No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. This statement, which will result in more robust disclosures and notes, is effective for periods beginning after June 15, 2017. The City has not yet determined the potential impact, if any, that this statement could have on its financial statements.

GASB Statement No. 77, *Tax Abatement Disclosures*

This statement includes the disclosure of additional information allowing financial statement users to be better equipped to understand how tax abatements affect a government's future ability to raise resources and meet its financial obligations and understand the impact that those abatements have on the government's financial position and economic condition. This statement is effective for periods beginning after December 15, 2015. The City has not yet determined the potential impact, if any, that this statement could have on its financial statements.

GASB Statement No. 82, *Pension Issues – an amendment of GASB Statements No. 67, No. 68 and No. 73*

This statement addresses issues regarding the presentation of payroll-related measures in required supplementary information, the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes and the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This statement is effective for periods beginning after June 15, 2016, except in certain circumstances which extend the application date to the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. The City has not yet determined the potential impact, if any, that this statement could have on its financial statements.

Note 2: Deposits and Investments

Deposits

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires that deposits in financial institutions be collateralized with federal depository insurance and other acceptable collateral in specific amounts. No legal opinion has been obtained regarding the enforceability of any of the collateral arrangements.

At December 31, 2015, the City's deposits were fully collateralized and, therefore, were not exposed to custodial credit risk. At December 31, 2015, none of City's component units' bank balances were uninsured or uncollateralized.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Investments

Arkansas statutes authorize the City to invest in direct obligations of the U.S. government; obligations on which the principal and interest are fully guaranteed, or are fully secured, insured or covered by commitments or agreements to purchase by the U.S. government; obligations of agencies and instrumentalities created by act of the United States Congress and authorized thereby to issue securities or evidence of indebtedness, regardless of guarantee of repayment by the U.S. government; obligations of political subdivisions of the United States; certain obligations issued by the State Board of Education; short-term warrants of political subdivisions of the State of Arkansas and municipalities; the sale of federal funds with a maturity of not more than one business day; demand, savings or time deposits fully insured by a federal deposit insurance agency; repurchase agreements that are fully insured by obligations of the U.S. government, any U.S. state or any political subdivision thereof; securities of, or other interest in, any open-end type investment company or investment trust registered under the *Investment Company Act of 1940*, and which is considered a money market fund, provided that the portfolio is limited principally to U.S. government obligations and the investment company or trust takes delivery of collateral either directly or through an authorized custodian; and bank certificates of deposit.

Arkansas statutes also authorize the City to invest no more than 20% of its capital base in corporate debt obligations; revenue bond issues of any U.S. state, municipality or political subdivision; industrial development bonds for corporate obligors issued through any U.S. state or political subdivision; securities or interest in an open-end or closed-end management type investment company or trust registered under the *Investment Company Act of 1940* with certain limitations; securities or interests issued, assumed, or guaranteed by certain international banks; and uninsured demand, savings or time deposits or accounts or any depository institution chartered by the United States, any U.S. state, or the District of Columbia.

The pension funds are authorized to invest in U.S. government and agency securities, bank certificates of deposit, common stocks, investment grade corporate bonds and other appropriate securities.

Investments at December 31, 2015, consisted of the following:

Type	Fair Value	Maturities in Years			
		Less than 1	1-5	6-10	More than 10
Corporate bonds	\$ 1,718,524	\$ 1,002,621	\$ 355,794	\$ 232,709	\$ 127,400
Money market mutual funds	<u>4,111,041</u>	<u>4,111,041</u>	-	-	-
	5,829,565	<u>\$ 5,113,662</u>	<u>\$ 355,794</u>	<u>\$ 232,709</u>	<u>\$ 127,400</u>
Equities	<u>5,569,352</u>				
	<u>\$ 11,398,917</u>				

Interest Rate Risk – The City’s investment policy does not specifically address interest rate risk. The pension fund investment policy does not specifically address interest rate risk.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Credit Risk – Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The pension fund investment policy limits its investments to U.S. Treasury and Agency securities, “AAA” mortgage-backed investments, and corporate bond issues rated at “A” by either Moody’s or Standard & Poor’s at the time of purchase.

Investment Type	Rating Agency	Rating
Corporate bonds	S&P/Moody’s	BBB-/Baa3 to AA-/A1
Money market mutual funds	S&P/Moody’s	AAA/Aaa

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. While the City’s investment policy does not directly address custodial credit risk, all investments held by the City or by an agent of the City in the City’s name are insured or collateralized or limited to Treasury Fund Money Markets.

Concentration of Credit Risk – The City defines the following ranges as suitable for portfolio asset allocation:

	Minimum	Maximum
Stocks	60%	80%
Fixed income	20%	40%
Cash equivalents	0%	10%

Governmental Activities

Restaurant Gross Receipts Tax Capital Improvement Bonds, Series 2007 – Bonds in the amount of \$14,100,000 were issued in December 2007 to finance the acquisition, construction and equipping of certain park and trail improvements within the City and to pay the costs of issuance of the bonds. These bonds are special obligations of the City secured by, and payable solely from, restaurant gross receipts tax. The tax shall continue until sufficient monies are accumulated to retire the bonds. Interest payments are due annually on December 1. Principal and interest paid for the current year and total restaurant gross receipts tax revenues were approximately \$1,050,000 and \$2,870,000, respectively.

These bonds are subject to redemption in part by sinking fund installments beginning December 1, 2021. These bonds are also subject to redemption at direction of the City as of December 1, 2015.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Electric Franchise Fee Revenue Bonds, Series 2015 – The City issued \$565,000 Electric Franchise Fee Revenue Bonds to finance the cost of site improvements at an industrial site. The bonds are special obligations of the City secured by, and payable solely from, receipts of electric franchise fees. The pledge of electric franchise fee receipts securing payment of the Series 2008 Bonds is subject and subordinate to the City's obligations under the Franchise Fee Revenue Lease-Purchase Agreement. Interest payments are due semiannually each December 1 and June 1. These bonds are subject to redemption in part by sinking fund installments beginning June 1, 2016. These bonds are also subject to redemption at direction of the City beginning June 1, 2016.

Franchise Fee Revenue Bonds, Series 2012 – Bonds in the amount of \$4,440,000 were issued with varying interest rates from 1.00% to 3.75% to refund the outstanding Franchise Fee Revenue Improvement Bonds, Series 2006, which had interest rates ranging from 4.00% to 4.375%. Principal payments are due annually on December 1. Interest payments are due semiannually on June 1 and December 1. The bonds are special obligations of the City secured by, and payable solely from, receipts of the franchise fees. Principal and interest paid for the current year and total franchise fee revenues were approximately \$320,000 and \$2,590,000, respectively. These bonds are subject to redemption in part by sinking fund installments beginning December 1, 2030. These bonds are also subject to redemption at direction of the City beginning June 1, 2017.

Sales and Use Tax Bonds, Series 2015 – Bonds in the amount of \$26,970,000 were issued by the City in April 2015 for the purpose of financing the costs of constructing, extending and improving certain City streets and refunding of the City's outstanding Sales and Use Tax Capital Improvement Bonds, Series 2012. The bonds are special obligations of the City secured by, and payable solely from, receipts of the special sales and use tax and the general sales and use tax.

The interest rates on the bonds range from 2.00% to 4.00%. Principal payments are due annually on May 1. Interest payments are due semiannually on May 1 and November 1. These bonds are subject to mandatory redemption from surplus tax receipts beginning May 1, 2016. These bonds are also subject to redemption at direction of the City beginning May 1, 2016.

The current refunding of the 2012 Series Sales and Use Tax Capital Improvement Bonds in the amount of \$8,475,000 increased the City's total debt service payments over 30 years by \$3,544,859 and provided the City with an economic loss (difference between the present values of the debt service payment on the old and new debt) of \$355,047.

Franchise Fee Revenue Bonds, Series 2015 – Bonds in the amount of \$3,340,000 were issued with varying interest rates from 2.00% to 3.85% to finance the costs of acquiring and installing a mobile radio communications system and related improvements. Principal payments are due annually on December 1. Interest payments are due semiannually on June 1 and December 1. The bonds are special obligations of the City secured by, and payable solely from, receipts of the franchise fees. These bonds are subject to redemption in part by sinking fund installments beginning December 1, 2025. These bonds are also subject to redemption at direction of the City beginning December 1, 2025.

City of Conway, Arkansas
Notes to Financial Statements

Component Unit – Conway Corporation

Electric Revenue Bonds, Series 2015 – Bonds in the amount of \$25,000,000 were issued with varying interest rates from 2.00% to 5.00% to finance the costs of betterments and improvements to the City's electric utility system. Principal and interest are payable semiannually and are due on December 1, 2027.

Water Revenue Bonds, Series 2015 – Bonds in the amount of \$10,185,000 were issued with varying interest rates from 2.00% to 4.00% to accomplish a refunding of the 2010 Series Bonds. The reacquisition price exceeded the net carrying amount of the old debt by 501,099. This amount is shown as a deferred loss on refunding of bonds payable and is amortized over the life of the new debt through 2023. This refunding transaction was undertaken to reduce the Water Department's total debt service payments by approximately \$746,000 over 9 years and resulted in an economic gain (difference between the present value of debt service payments on the old and new debt) of approximately \$627,000. Principal and interest are payable semiannually and are due on December 1, 2023.

Wastewater Revenue Bonds, Series 2010 – Bonds in the amount of \$14,955,000 were issued with varying interest rates from 2.00% to 4.625% for the purpose of financing improvements to the wastewater collection and treatment facilities. Principal is payable annually and interest is payable semiannually through maturity on October 1, 2040.

Wastewater Revenue Bonds, Series 2012A – Bonds in the amount of \$25,000,000 were issued with varying interest rates from 2.00% to 4.20% for the purpose of financing improvements to the wastewater collection and treatment facilities. Principal is payable annually, beginning on October 1, 2015, and interest is payable semiannually through maturity on October 1, 2037.

Wastewater Revenue Bonds, Series 2015A – Bonds in the amount of \$65,004,588 were issued with an interest rate of 2.00% for the purpose of financing improvements to the wastewater collection and treatment facilities and to refund previously issued debt and revenue improvement bonds. Principal and interest are payable semiannually and are due on April 15, 2035.

Wastewater Revenue Bonds, Series 2015B – Bonds in the amount of \$10,000,000 were issued with an interest rate of 1.50% for the purpose of financing improvements to the wastewater collection and treatment facilities and to refund previously issued debt and revenue improvement bonds. Principal and interest are payable semiannually and are due on April 15, 2037.

Wastewater Revenue Bonds, Series 2014 – Bonds in the amount of \$9,980,000 were issued with varying interest rates from 1.00% to 3.25% to accomplish a current refunding of the 2009 Series Bonds. Principal and interest are payable semiannually and are due on October 1, 2029.

Notes Payable

Notes payable at December 31, 2015, were as follows:

Governmental Activities

- A \$2,000,000 promissory note was issued by the City in July 2013 to finance improvements to Prince Street; interest due in annual installments and the entire principal balance due on July 17, 2018; interest rate 1.92%.
- A \$3,000,000 promissory note was issued by the City in May 2014 to finance the construction of a street project. The promissory note has an interest rate of 1.92% and is due May 2019.

Business-Type Activities

- A \$6,500,000 promissory note was issued by the City in February 2014 to finance the construction of an airport. The promissory note has an interest rate of 1.92% and is due upon the sale of certain property. At December 31, 2015, only \$5,750,000 of the funds had been received by the City.

Component Unit – Conway Corporation

- A \$723,417 promissory note to Mid-Arkansas Water Alliance for water storage rights; due in annual installments of approximately \$41,000 through June 5, 2039; interest rate 4.125%.

Leases Payable – Governmental Activities

Leases payable at December 31, 2015, were as follows:

- A \$847,463 lease-purchase agreement effective November 2008 was made to acquire energy efficiency improvements to city facilities; quarterly payments of \$18,685 to \$25,675 through July 1, 2023. The related improvements under the lease-purchase agreement have a net book value of approximately \$600,000 as of December 31, 2015.

	<u>\$ 32,440,536</u>	<u>\$ 16,107,986</u>	<u>\$ 16,332,550</u>

Note 7: Interfund Balances and Transfers

Interfund receivables and payables as of December 31, 2015, are as follows:

	Interfund Receivables	Interfund Payables
General fund	\$ 307,049	\$ 51,196
Street fund	331,335	71,880
2015 sales tax capital improvements fund	-	54,573
Other governmental funds	280,075	829,281
Sanitation fund	95,651	10,676
Airport fund	1,074	133,266
Fiduciary fund	135,688	-
	<u>\$ 1,150,872</u>	<u>\$ 1,150,872</u>

The outstanding balances between funds result mainly from the time lag between the dates (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Interfund transfers in and transfers out for the year ended December 31, 2015, are as follows:

Transfers In	Transfers Out				
	Governmental Funds			Proprietary Fund	
	General Fund	2015 Sales Tax Capital Improvements	Other Funds	Sanitation Fund	Total
Governmental funds					
General fund	\$ -	\$ -	\$ 100,000	\$ 423,312	\$ 523,312
Other funds	650	532,359	4,938,248	-	5,471,257
Proprietary fund					
Airport	2,420,037	-	-	-	2,420,037
	<u>\$ 2,420,687</u>	<u>\$ 532,359</u>	<u>\$ 5,038,248</u>	<u>\$ 423,312</u>	<u>\$ 8,414,606</u>

During the year, transfers are used to move sanitation fees to the general fund and to transfer funds from capital projects to the debt service fund for debt-related payments. Further, during 2015, the City made a nonrecurring transfer to move the beginning fund balance of the airport activities from the general fund to a new airport enterprise fund in the amount of \$26,412. In addition, there was a capital contribution of \$26,464,253 from the governmental activities to the new airport enterprise fund.

Note 8: Fund Balances

The City classified governmental fund balances as follows:

	General Fund	Street Fund	2015 Sales Tax Capital Improvements	Other Governmental Funds	Total Governmental Funds
Fund Balances					
Nonspendable:					
Prepays	\$ 43,392	\$ -	\$ -	\$ -	\$ 43,392
Restricted

Note 9: Related Party Transactions

The City has entered into lease and franchise agreements with the Corporation to operate City-owned utilities as follows:

Water Department and Wastewater Department – As consideration for operation of these departments, the City receives \$25 monthly. The Corporation is allowed to annually withdraw \$8,000 from water department funds and \$2,500 from wastewater department funds plus \$1 for services rendered.

Cable Television Department – The Corporation operates the Cable Television Department for the City under a lease agreement, which expires December 31, 2025. The agreement requires the Cable Television Department to pay rent of \$25,000 per month to the City reduced by 1/12 of the increase in total cable franchise fees paid for the preceding year. The agreement also requires the Cable Television Department to pay the City a franchise fee of 5% of gross revenues. The Cable Television Department paid the City approximately \$790,000 during the year ended December 31, 2015. At December 31, 2015, the Cable Television Department was indebted to the City in the amount of approximately \$66,000, which is recorded as due from component units.

Electric Department – The Corporation operates the Electric Department for the City pursuant to an exclusive franchise agreement requiring the Electric Department to assess each customer a 2.5% franchise fee on certain revenues. The Electric Department remitted approximately \$1,440,000 in franchise fees. At December 31, 2015, the Electric Department was indebted to the City in the amount of approximately \$105,000, which is recorded as due from component units. The Electric Department also pays the City \$120,000 in annual rent.

Sanitation Department – The City has entered into an agreement with the Corporation for collection of sanitation fees. The Corporation retains approximately 0.7% of the fees as compensation for the collection and billing services. The Corporation retained approximately \$20,000 for billing and collection services and remitted approximately \$8,750,000 to the City in gross receipts during the year ended December 31, 2015. At December 31, 2015, the Corporation was indebted to the Sanitation Department in the amount of approximately \$1,645,000, which is recorded as due from component units.

The City paid the Corporation approximately \$900,000 during 2015 for utility services provided to the City.

On August 16, 2005, Ordinance No. O-05-97 levied a 1% tax on prepared food for the benefit of the City (75%) and the Commission (25%). On the same date, Ordinance No. O-05-98 levied another 1% tax on prepared food for the benefit of the City. These taxes are collected by the Commission and remitted to the City. The Commission remitted approximately \$3,000,000 to the City during the year ended December 31, 2015. At December 31, 2015, the Commission was indebted to the City in the amount of approximately \$470,000, which is recorded as due from component units.

Note 10: Pension Plans

The City participates in four defined benefit pension plans, which are comprised of two agent multiple-employer defined benefit pension plans, one cost-sharing multiple-employer defined benefit pension plan, and one single employer defined benefit plan, each of which are described and illustrated in detail below. Aggregate amounts for the four pension plans are as follows:

	<u>Governmental Activities</u>					<u>Business- Type Activities</u>	<u>Total</u>
	<u>LOPFI</u>	<u>FRPF</u>	<u>PRPF</u>	<u>Nonuniform</u>	<u>Total</u>	<u>Nonuniform</u>	
Net Pension Liability	\$ (14,710,048)	\$ (4,477,594)	\$ (4,834,271)	\$ (23,986,229)	\$ (48,008,142)	\$ (9,286,388)	\$ (57,294,530)
Deferred Outflows – Pension	310,140	26,914	30,553	3,756,754	4,124,361	1,454,446	5,578,807
Deferred Outflows – Contributions	3,250,175	917,615	862,908	-	5,030,698	-	5,030,698
Pension Expense	2,377,068	370,712	501,924	2,954,518	6,204,222	1,143,856	7,348,078
Deferred Inflows – Pension	(11,364)	-	-	(1,645,802)	(1,657,166)	(637,180)	(2,294,346)

Pensions items listed above for the Nonuniform Plan have been allocated between governmental activities and business-type activities (also proprietary funds) on the basis of covered payroll.

Policemen’s Relief and Pension Fund (PRPF)

Plan Description. The Policemen’s Relief and Pension Fund (PRPF) is an agent multiple-employer defined benefit pension plan for employees of the Fire Department who were hired prior to January 1, 1983. The plan was established in accordance with Arkansas statutes and was closed, by state law, to new employees effective January 1, 1983. On June 25, 2013, the City entered into an agreement with the Arkansas local police and fire (LOPFI) retirement system whereby LOPFI assumed responsibility for administration and a portion of the obligation of the plan pursuant to Act 364 of 1981, as amended, and Act 655 of 1983 of the General Assembly of the State of Arkansas. Per the agreement between the City and LOPFI, the City will contribute an actuarially determined rate sufficient to support the current plan benefit levels and fund the plan’s net pension obligation over a 30 year open amortization period. The plan’s benefit structure remains unchanged under the administration of LOPFI. The plan issues separate stand-alone financial statements and can be obtained from the Arkansas Local Police and Fire Retirement System, 620 West 3rd Street, Little Rock, Arkansas 72201.

Benefits. The PRPF provides retirement benefits for policemen who have completed 20 years of service. Disability benefits are available to policemen who become permanently disabled, unless the disability is the direct result of gainful employment performed outside the fire department. The PRPF also provides benefits for surviving spouses and dependent children of deceased policemen. No participants’ benefits vest until normal retirement age. At normal retirement, participants may elect to continue working and enter the Deferred Retirement Option Plan for up to five years. All policemen hired after January 1, 1983, participate in the LOPFI Retirement System created by Act 364 of 1981 and described later in the footnote. Therefore, the Policemen’s Fund is effectively closed to new members.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

At the December 31, 2014, valuation and measurement date, the following employees were covered by the benefit terms:

	Policemen's Pension and Relief Plan
Inactive plan members or beneficiaries receiving benefits	40
Inactive plan members entitled to but not yet receiving benefits	0
Active plan members	0
Members on Deferred Retirement Option Plan (DROP)	0
Total	40

Contributions. Arkansas state statutes require yearly contributions at a level percentage of covered payroll sufficient to cover the costs of benefit commitments made to participants for their service rendered in that year and, over a reasonable period of time, to fully cover the unfunded costs of benefit commitments for services previously rendered. The City is required to contribute the actuarially required normal costs and amortized costs of the unfunded actuarial accrued liability. In addition, active employees are required to make contributions equal to 6% of their gross salary. The City's required contributions for the 2015 plan year were 9.47% of gross salary, based upon the December 31, 2013, actuarial report. Contributions by the City to the Plan for the year ended December 31, 2015 were \$862,908.

Net Pension Liability

The City's net pension liability of \$4,834,271 as of December 31, 2015, was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated December 31, 2014.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Actuarial Assumptions

Actuarial valuation date	12/31/2014
Actuarial cost method	Entry age normal
Amortization method	Level percent closed
Remaining amortization period	11 years
Asset valuation method	5-year smoothed market
Investment rate of return	8%
Projected salary increases	4%
Includes inflation at	3%
Cost-of-living adjustments	None

Mortality rates for retirees, beneficiaries, and DROP members were based on the gender-distinct RP2000 Combined Mortality Table, projected to 2017 and set forward two years for males. For disabled members, the mortality rates are the rates applicable to non-disabled lives set forward 10 years.

Actuarial assumptions used in the December 31, 2014, valuation were based on the results of actuarial experience studies. The experience study in PRPF was for the period January 1, 2008 through December 31, 2011, first used in the December 31, 2012 valuation. Assumptions are reviewed annually. No additional changes were made for the 2014 valuation.

Long-Term Expected Return on Plan Assets

The long-term expected rate of return on pension plan investments is 8.0%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the LOPFI Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of the plan.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

The long-term expected rate of return on pension plan investment was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation are developed for each major asset class). These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Long-term Expected Real Rate of Return		
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Fixed Income	30%	2.97%
International Fixed Income	6%	1.50%
Domestic Equity	33%	5.88%
Foreign Equity	7%	6.25%
Index	11%	6.73%
Alternative Investments	10%	6.13%
Cash	3%	-0.40%
Total	100%	

Discount Rate

The discount rate used to measure the total pension liability was 8.0%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of retired and DROP members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

City of Conway, Arkansas

Changes in the Net Pension Liability

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at January 1, 2015	\$ 9,976,183	\$ 4,959,853	\$ 5,016,330
Changes for the year:			
Interest	762,953	-	762,953
Difference between expected and actual experience	112,870	-	112,870
Contributions – employer	-	714,536	(714,536)
Net investment income	-	351,703	(351,703)
Benefit payments, including refunds of employee contributions	(878,531)	(878,531)	-
Administrative expenses	-	(8,357)	8,357
Net changes	(2,708)	179,351	(182,059)
Balances at December 31, 2015	<u>\$ 9,973,475</u>	<u>\$ 5,139,204</u>	<u>\$ 4,834,271</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability for the City using the current rate as compared to what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage higher than the current rate:

	Sensitivity of the Net Position Liability to the Single Discount Rate Assumption		
	1% Decrease 7.00%	Current Single Rate Assumption 8.00%	1% Increase 9.00%
	City's net pension liability	\$ 5,774,077	\$ 4,834,271

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued LOPFI financial report.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources Related to Pensions

For the year ended December 31, 2015, the City recognized pension expense of \$501,924 related to this plan.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

At December 31, 2015, the City reported deferred outflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ 30,553
Contributions subsequent to the measurement date	862,908
Total	\$ 893,461

The amount reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date of \$862,908 will be recognized as a reduction of the net pension liability for the year ending December 31, 2016.

Often amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31,			
2016	\$	7,638	
2017		7,638	
2018		7,638	
2019		7,639	
Total	\$	30,553	

Firemen’s Relief and Pension Fund (FRPF)

Plan Description. The Firemen’s Relief and Pension Fund (FRPF) is an agent multiple-employer defined benefit pension plan for employees of the Fire Department who were hired prior to January 1, 1983. The Plan was established in accordance with Arkansas statutes and was closed, by state law, to new employees effective January 1, 1983. On June 25, 2013, the City entered into an agreement with the LOPFI retirement system whereby LOPFI assumed responsibility for administration and a portion of the obligation of the plan pursuant to Act 364 of 1981, as amended, and Act 655 of 1983 of the General Assembly of the State of Arkansas. Per the agreement between the City and LOPFI, the City will contribute an actuarially determined rate sufficient to support the current plan benefit levels and fund the plan’s net pension obligation over a 30-year open amortization period. The plan’s benefit structure remains unchanged under the administration of LOPFI. The plan issues separate stand-alone financial statements and can be obtained from the Arkansas Local Police and Fire Retirement System, 620 West 3rd Street, Little Rock, Arkansas 72201.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Benefits. The FRPF provides retirement benefits for firemen who have completed 20 years of service. Disability benefits are available to firemen who become permanently disabled, unless the disability is the direct result of gainful employment performed outside the fire department. The FRPF also provides benefits for surviving spouses and dependent children of deceased firemen. No participants' benefits vest until normal retirement age. At normal retirement, participants may elect to continue working and enter the Deferred Retirement Option Plan for up to five years. All firemen hired after January 1, 1983, participate in the LOPFI Retirement System created by Act 364 of 1981. Therefore, the Firemen's Fund is effectively closed to new members.

At the December 31, 2014, valuation and measurement date, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries	
receiving benefits	26
Inactive plan members entitled to but not	
yet receiving benefits	0
Active plan members	0
Members on Deferred Retirement	
Option Plan (DROP)	1
Total	27

Contributions. Arkansas state statutes require yearly contributions at a level percentage of covered payroll sufficient to cover the costs of benefit commitments made to participants for their service rendered in that year and, over a reasonable period of time, to fully cover the unfunded costs of benefit commitments for services previously rendered. The City is required to contribute the actuarially required normal costs and amortized costs of the unfunded actuarial accrued liability. In addition, active employees are required to make contributions equal to 6% of their gross salary. The City's required contributions for the 2015 plan year were 11.63% of gross salary, based upon the December 31, 2013, actuarial report. Contributions by the City to the Plan for the year ended December 31, 2015 were \$917,615.

Net Pension Liability

The City's net pension liability of \$4,477,594 as of December 31, 2015, was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated December 31, 2014.

City of Conway, Arkansas

2018		6,729
2019		<u>6,727</u>
Total	\$	<u><u>26,914</u></u>

Local Police and Fire Retirement System (LOPFI)

Plan Description. The Arkansas Local Police and Fire Retirement System (LOPFI) is a statewide cost-sharing multiple-employer defined benefit plan administered by the LOPFI Board of Trustees. LOPFI provides retirement, disability and survivor benefits to police and fire employees of political subdivisions of the State of Arkansas. LOPFI was created by Act 364 of the 1981 General Assembly. Employees hired after January 1, 1983, whose political subdivision had a retirement system in effect at July 1, 1981, are eligible to participate in the plan. On January 1, 2008, only firemen of the City participated in the plan. Effective July 1, 2008, policemen of the City began participating in the plan. LOPFI issues a publicly available report, which may be obtained by writing to LOPFI, P.O. Drawer 34164, Little Rock, Arkansas 72203, or by calling 501.682.1745.

Benefits provided. LOPFI provides for a retirement benefit paid to the member on a monthly basis. The monthly benefit is based on a formula provided by law for the member's lifetime. The member has several options in calculating the benefit, which is normally the result of these factors: age at retirement, retirement multiplier, amount of credit services (years and months), and final average pay (FAP). Each option available to the member provides for a different calculation based on these factors.

Contributions. Contributions to LOPFI are made by both the member and employers. Member contribution rates are established by the LOPFI Board of Trustees. The employer contributions are actuarially determined on an annual basis. The current employee contribution rate is 8.5% of covered payroll for policemen and firemen. The City contributed 20.16% of covered employees' salaries to the plan for policemen and 22.00% of covered employees' salaries to the plan for firemen for the year ended December 31, 2015. Contributions by the City to the plan for the year ended December 31, 2015 were \$3,250,175.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2015, the City reported a liability of \$14,710,048 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the ratio of the City's actual contributions to the plan during the measurement period to the total employer contributions to the plan of the group for the measurement period. At December 31, 2014, the City's proportion was 4.0634%, which was unchanged from the prior year.

For the year ended December 31, 2015, the City recognized pension expense of \$2,377,068 related to this plan. At December 31, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 11,364
Net difference between projected and actual earnings on pension plan investments	310,140	-
Contributions subsequent to the measurement date	3,250,175	-
Total	\$ 3,560,315	\$ 11,364

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

The amount reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date of \$3,250,175 will be recognized as a reduction of the net pension liability for the year ending December 31, 2016.

Often amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>		
2016	\$	74,580
2017		74,580
2018		74,580
2019		<u>75,036</u>
 Total	 \$	 <u><u>298,776</u></u>

Actuarial Assumptions

The total pension liability in the December 31, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial valuation date	12/31/2014
Investment rate of return	8%, net of pension plan investment expense, including inflation
Projected salary increases	4.5% to 19%, including inflation
Wage Inflation	4%
Price Inflation	3%

Mortality rates were based on the RP-2000 Combined Mortality Table for Males and Females, as appropriate, with adjustments for mortality improvements based on scale AA.

The actuarial assumptions used in the December 31, 2014, valuation were based on the results of an actuarial experience study for the period January 1, 2008 to December 31, 2011. As a result of the 2011 actuarial experience study, the expectation of life after disability was adjusted in the December 31, 2014, actuarial evaluation to more closely reflect actual experience.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Long-Term Expected Return on Plan Assets

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return. The rates were built on a target allocation for all pension funds; the target for an individual fund will vary within the guidelines of Arkansas law and regulation. The long-term expected rates of return are shown in the table below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic fixed income	30%	2.97%
International fixed income	6%	1.50%
Domestic equities	33%	5.88%
International equities	7%	6.25%
Index funds	11%	6.73%
Alternative investments	10%	6.13%
Cash	3%	-0.40%

Discount Rate

In the December 31, 2014, actuarial valuation, a single discount rate of 8.0% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 8.0%. The projection of cash flows, based on the assumptions made, found that the pension plan's net position was available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the City’s proportionate share of the net pension liability calculated using the discount rate of 8.0%, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.0%) or 1-percentage-point higher (9.0%) than the current rate:

	Sensitivity of the Net Position Liability to the Single Discount Rate Assumption		
	1% Decrease 7.00%	Current Single Rate Assumption 8.00%	1% Increase 9.00%
City’s proportional share of the net pension liability	\$ 25,905,292	\$ 14,710,048	\$ 5,538,438

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued LOPFI financial report.

Nonuniformed Employees’ Defined Benefit Pension Plan (Nonuniformed Plan)

Plan Description. The Nonuniformed Employees’ Defined Benefit Pension Plan (Nonuniformed Plan) is a single-employer, defined benefit pension plan that covers the City of Conway’s employees except those covered by LOPFI, elected officials and the court clerk. The Nonuniformed Plan, administered by the City, provides retirement, disability and survivor benefits. Benefit and contributions are established by the Nonuniformed Employees’ Pension Plan Board. The plan does not issue a stand-alone financial report but is included in the City’s financial report.

Benefits. The Plan provides retirement, disability and death benefits. Retirement benefits for general plan members are calculated as 50 % of the member’s final average salary compensation. Plan members with 10 years of continuous service are eligible to retire at age 60. Plan members may retire at any age after 20 years of service. All plan members are eligible for disability benefits after five years of service. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately. Death benefits equal \$50 per month to the surviving spouse for their lifetime, ending upon remarriage and dependent children, until the child reaches 16. A plan member who leaves employment may withdraw his or her contributions, plus any accumulated interest.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

At the December 31, 2015, valuation and measurement date, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries receiving benefits	95
Inactive plan members entitled to but not yet receiving benefits	13
Active plan members	238
Members on Deferred Retirement Option Plan (DROP)	<u>0</u>
Total	<u><u>346</u></u>

Contributions. The City contributes the actuarially required normal costs and amortized costs of the unfunded actuarial accrued liability. In addition, active employees are required to make contributions equal to 6% of their gross salary. The City's required contributions for the 2015 fiscal year were \$940,301 or 11.14% of covered payroll.

Actuarial Assumptions

Actuarial valuation date	1/1/2016
Actuarial cost method	Entry age normal
Amortization method	Level percent open
Remaining amortization period	20 years
Asset valuation method	Market value
Investment rate of return	6.5%
Projected salary increases	3.5%
Includes inflation at	2.75%
Cost-of-living adjustments	None

The actuarial value of assets was determined using the market value of investments. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

For the Nonuniformed Plan, mortality rates were based on the RP-2000 Combined Healthy Mortality Table, projected to 2020 using Projection Scale BB.

Method Used to Determine Fair Value of Investments

The fair value of investments other than mutual funds is determined using quoted market prices. The fair value of investments in mutual funds is determined using the fund's net asset value per unit.

Net Pension Liability

The components of the net pension liability of the City at December 31, 2015, and the total pension liability used to calculate the net pension liability were determined by an actuarial valuation as of January 1, 2016, and were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at January 1, 2015	\$ 43,008,659	\$ 10,791,713	\$ 32,216,946
Changes for the year:			
Service cost	2,967,258	-	2,967,258
Interest	1,696,589	-	1,696,589
Difference between expected and actual experience	(2,678,338)	-	(2,678,338)
Assumption changes	349,465	-	349,465
Contributions – employer	-	940,301	(940,301)
Contributions – employees	-	543,809	(543,809)
Net investment income	-	(185,133)	185,133
Benefit payments, including refunds of employee contributions	(1,531,519)	(1,531,519)	-
Administrative expenses	-	(19,674)	19,674
Net changes	803,455	(252,216)	1,055,671
Balances at December 31, 2015	\$ 43,812,114	\$ 10,539,497	\$ 33,272,617

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Long-Term Expected Return on Plan Assets

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates of arithmetic real rates of return for each major asset class included in the nonuniformed plan's asset allocation as of December 31, 2015, are summarized in the table below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash and cash equivalents	31%	0.50%
Corporate bonds	8%	1.90%
Equities	61%	5.90%

Discount Rate

In the January 1, 2016, actuarial valuation, a single discount rate of 3.82% was used to measure the total pension liability based on the expected rate of return on pension plan investments of 6.50% and a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) of 3.57%. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members until 2027. Therefore, a single discount rate of 3.82% was applied to all periods of projected benefit payments to determine the total pension liability as of December 31, 2015.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability of the City using the current rate as compared to what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage higher than the current rate:

Sensitivity of the Net Position Liability to the Single Discount Rate Assumption				
	1% Decrease 2.82%	Current Single Rate Assumption 3.82%	1% Increase 4.82%	
City's net pension liability	\$ 39,773,771	\$ 33,272,617	\$ 27,955,449	

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Money-Weighted Rate of Return

The annual money-weighted rate of return on pension plan investments is calculated as the internal rate of return on pension plan investments, net of pension plan investment expense, adjusted for the changing amounts actually invested. The money-weighted rate of return is shown in the table below:

	Year	Annual Return
Annual money-weighted rate of return, net of investment expense	2015	-1.74%

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2015, the City recognized pension expense of \$4,098,374 related to this plan.

At December 31, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 2,282,982
Change of assumptions	4,414,753	-
Net difference between projected and actual earnings on pension plan investments	796,447	-
Total	\$ 5,211,200	\$ 2,282,982

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the pensions will be recognized in pension expense as follows:

<u>Year Ending</u> <u>December 31,</u>		
2016	\$	657,943
2017		657,943
2018		657,942
2019		628,304
2020		451,422
Thereafter		<u>(125,336)</u>
Total	\$	<u><u>2,928,218</u></u>

Note 11: Component Unit Retirement Plans

Defined Benefit Pension Plan

Plan Description: The retirement plan of the Corporation (the Plan) is a noncontributory, single-employer defined benefit pension plan administered by the Corporation with the Corporation's chief executive officer serving as the Plan's trustee. The Plan provides retirement benefits to eligible employees in the form of monthly pension payments over the life of the participant. The Corporation's board of directors has been assigned the authority to establish and amend benefit provisions of the Plan. An actuarial valuation is prepared by an independent actuary as of the beginning of each plan year, which occurs on August 1. Copies of this report may be obtained by contacting the Corporation. The Corporation does not issue a stand-alone financial report for the Plan.

Benefits Provided. The Plan provides retirement benefits for full-time employees of the Corporation with at least one year of service and are at least 21 years of age. Retirement benefits are calculated as 1.5% of the employee's final five year average salary times the employee's years of service. All employees may retire on the latter of an employee's sixty-fifth birthday or the fifth anniversary of the first day of the Plan year in which participation in the Plan commenced. An employee who retires after the age of 62, but before age 65, and has completed at least 10 years of service may withdraw their vested accrued benefit, subject to a 0.250% per month actuarial reduction (if hired on or after January 1, 1990) or 0.167% actual reduction (if hired before January 1, 1990) for early commencement.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

At August 1, 2015, the following employees of the Corporation were covered by the benefit terms:

Inactive plan members or beneficiaries receiving benefits	42
Inactive plan members entitled to but not yet receiving benefits	51
Active plan members	<u>218</u>
 Total	 <u><u>311</u></u>

Contributions. The Corporation’s policy is to contribute at least 100% of the actuarially determined contribution, subject to approval by the Corporation’s Board of Directors. The Corporation’s contribution rate and required contributions for the year ended December 31, 2015, were 13.25% and \$1,737,774, respectively. Actual contributions for all departments totaled \$2,024,664, or 116.51%, of required contributions.

Net Pension Liability

The Corporation’s net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 1, 2015, and then projected forward to the measurement date. There have been no significant changes between the valuation date and the measurement date.

Total pension liability in the August 1, 2015, actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement:

Investment rate of return	7%
Projected salary increases	4%
Inflation	3%

Mortality rates were based on the RP-2000 Mortality Table for Healthy Annuitants and Employees for Males and Females with Scale AA generational projection.

The best-estimate range for the long-term expected rate of return on pension plan investments was determined by adding expected inflation to expected long-term real returns. The target allocations and the expected real returns were developed based on consultation with the Plan’s investment advisor. Best estimates of arithmetic real rates of return for each major asset class included in the Plan’s target asset allocation as of August 1, 2015, are summarized in the table below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Stock	75%	7.50%
Fixed income	20%	3.00%
Cash equivalents	5%	0.50%

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Discount Rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employer contributions will total the actuarially determined contribution. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

Changes in the Corporation's net pension liability for the year ended December 31, 2015, were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at January 1, 2015	\$ 33,095,116	\$ 23,760,539	\$ 9,334,577
Changes for the year:			
Service cost	677,103	-	677,103
Interest	2,337,528	-	2,337,528
Difference between expected and actual experience	152,673	-	152,673
Contributions – employer	-	2,024,664	(2,024,664)
Net investment income	-	(168,046)	168,046
Benefit payments, including refunds of employee contributions	(770,966)	(770,966)	-
Administrative expenses	-	(11,110)	11,110
Net changes	<u>2,396,338</u>	<u>1,074,542</u>	<u>1,321,796</u>
Balances at December 31, 2015	<u>\$ 35,491,454</u>	<u>\$ 24,835,081</u>	<u>\$ 10,656,373</u>

The schedule of changes in the net pension liability and related ratios, presented on Page 87 as required supplementary information following the notes to the financial statements, presents information about the changes in the net pension liability of the Plan, differences between the actuarial determined contributions and employer contributions and related ratios.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Corporation, calculated using the discount rate of 7.00%, as well as what the Corporation's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage point higher (8.00%) than the current rate:

	Sensitivity of the Net Position Liability to the Single Discount Rate Assumption		
	1% Decrease 6.00%	Current Single Rate Assumption 7.00%	1% Increase 8.00%
Corporation's net pension liability	\$ 17,432,714	\$ 10,656,373	\$ 6,904,391

Pension Expense and Deferred Outflows of Resources Related to Pensions

For the year ended December 31, 2015, the Corporation recognized pension expense of \$1,713,405. At December 31, 2015, the Corporation reported deferred outflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources
Differences between expected and actual experience	\$ 133,824
Net difference between projected and actual earnings on pension plan investments	1,499,231
Contributions subsequent to the measurement date	311,259
Total	\$ 1,944,314

The amount reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date of \$311,259 will be recognized as a reduction of the net pension liability for the year ending December 31, 2016.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Other amounts reported as deferred outflows of resources will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>		
2016	\$	393,657
2017		393,657
2018		393,657
2019		393,656
2020		18,849
Thereafter		<u>39,579</u>
Total	\$	<u><u>1,633,055</u></u>

Section 457 Deferred Compensation Plan

The Conway Corporation 457 Supplemental Retirement Plan was formed, effective January 1, 2000, as a supplemental defined contribution retirement program for employees. Employee participation in this plan is optional. The Corporation makes matching contributions for eligible employees who elect to participate up to 25% of the first 3% of each participant’s gross pay. Matching contributions for all Corporation employees for the year ended December 31, 2015, totaled \$86,203.

Note 12: Component Unit Postemployment Health Care and Life Insurance Plan

Plan Description: The Corporation offers retiree medical benefits and life insurance to employees who retire from active employment under a single-employer defined benefit postemployment plan that is administered by the Corporation. The Corporation’s board of directors has been assigned the authority to establish and amend benefits of the postemployment plan. An actuarial valuation was prepared by an independent actuary as of January 1, 2013. Copies of this report may be obtained by contacting the Corporation.

Funding Policy: Contribution requirements of the plan members and Corporation are established and may be amended by the board of directors. The required contribution is based on projected pay-as-you-go financing requirements.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Annual OPEB Cost and Net OPEB Obligation: The Corporation's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the Corporation's annual OPEB cost for the year, the amount actually contributed to the plan and changes in the Corporation's net OPEB obligation to the Plan:

Annual required contribution	\$ 197,678
Interest on net OPEB obligation	39,372
Adjustment to annual required contribution	(43,746)
Annual OPEB cost	193,304
Contributions made	(35,000)
Increase in net OPEB obligation	158,304
Net OPEB – beginning of year	1,312,386
 Net OPEB – end of year	 \$ 1,470,690

The Corporation's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for 2015, 2014 and 2013 were as follows:

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/2013	\$ 177,632	14.6%	\$ 1,157,012
12/31/2014	185,374	16.2%	1,312,386
12/31/2015	193,304	18.1%	1,470,690

Funded Status and Funding Progress: As of January 1, 2015, the most recent actuarial valuation date, the funded status of the plan was as follows:

Actuarial accrued liability (AAL)	\$ 2,423,493
Actuarial value of plan assets	-
 Unfunded actual accrued liability (UAAL)	 \$ 2,423,493
 Funded ratio (actuarial value of plan assets/AAL)	 0%
Covered payroll (active plan members)	\$ 13,518,178
UAAL as a percentage of covered payroll	17.9%

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

Actuarial Methods and Assumptions: An actuarial valuation of an ongoing plan involves estimates regarding the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The January 1, 2013, actuarial valuation utilizes the unit credit actuarial cost method. The actuarial assumptions include an annual health care cost trend rate of 6.4%, reduced by decrements to an ultimate rate of 4.5% after 85 years. The rate includes a 3.0% inflation assumption. The UAAL is being amortized as a level percentage of projected payroll, assuming 3.0% growth in covered payroll, on an open basis. The remaining amortization period at January 1, 2013, is 30 years.

Note 13: Risk Management

The City has various insurance policies to cover its potential liability risk areas, *e.g.*, automobile, personal property, contents and outside structures and workers' compensation. Coverage is provided both commercially and through the Arkansas Municipal League (AML), which is an association of local governments. The AML provides the City with automobile and legal defense coverage. Fixed premiums are set annually by the AML based on such factors as claims experience, employee class multipliers and population. For risks covered by the AML, the City pays no deductible; however, the City pays a \$2,000 fee to the AML for each legal matter it handles. There have been no significant reductions in coverage from 2014 to 2015; nor have settlement amounts exceeded insurance coverage for the current year or the three prior years.

Note 14: Contingencies

The City is a member of the Arkansas Municipal Legal Defense Program (the Program), which provides extraordinary legal defense and extraordinary expenses in suits against municipal officials and employees and civil rights suits against the municipal government. The Program only pays judgments for actual damages (not punitive damages) imposed on municipal governments and their officials and employees; which will not exceed 25% of the Program's available funds at the time the lawsuit was filed or the judgment becomes final, or \$1 million, whichever is less. In the opinion of the City Attorney, the amount of financial exposure to the City as a result of litigation matters handled by the Program is not significant to the City.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

The City, its agencies and its employees are defendants in numerous legal proceedings, many of which normally occur in governmental operations. Such litigation includes, but is not limited to, claims assessed against the City for property damage and personal injury, other alleged torts and alleged violations of state and federal laws. It is not possible to predict with certainty or exactitude the ultimate outcome of all lawsuits pending or threatened against the City. Based on the current status of all of the legal proceedings, it is the opinion of the City Attorney and management that the ultimate outcome will not have a material adverse impact on the City's financial position. However, events could occur in the near term that would cause these estimates to change materially.

Note 15: Landfill Closure and Postclosure Care Cost

State and federal laws and regulations require that the City place a final cover on its landfills when closed and perform certain maintenance and monitoring functions at the landfill site for two years after certified closure at one landfill site and 30 years after certified closure at the current landfill site. Although closure and postclosure care costs will be paid only near or after the date that the current landfill stops accepting waste, the City recognizes a portion of these closure and postclosure care costs as an operating expense in each year based on landfill capacity used as of each balance sheet date.

The estimated liability for landfill closure and postclosure care costs was approximately \$8,524,931 as of December 31, 2015, which is based on the amount of the landfill site currently being used.

The City will recognize additional cost of closure and postclosure care as the remaining estimated capacity is filled. The City expects to close the landfills in the year 2026. Actual costs are subject to change due to inflation, deflation, changes in technology or changes in applicable laws or regulations.

The City is required by state and federal laws and regulations to establish financial assurance for the cost of closure and postclosure care. The City Council approved the establishment of a trust fund in which annual contributions would be made, commencing in 2003. At December 31, 2015, the trust held funds of approximately \$5,525,000. The financial assurance is funded by a capital improvement sanitation surcharge that also funds sanitation capital improvements.

Note 16: Conduit Debt Obligations

From time to time, the City has issued economic development and other revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial, commercial, health care facilities and other deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Neither, the City, the state nor any political subdivision thereof, is obligated in any manner for repayment of the bonds.

City of Conway, Arkansas
Notes to Financial Statements
December 31, 2015

As of December 31, 2015, the aggregate principal amount payable on these bonds was approximately \$227,725,000.

Note 17: Subsequent Events

On January 1, 2016, the Corporation issued \$12,415,000 Wastewater Revenue Refunding Bonds, Series 2016, to refund the outstanding balance of the \$14,955,000 Wastewater Revenue Improvement Bonds, Series 2010. The Series 2016 Wastewater Revenue Refunding Bonds have a varying interest rate from 2.00% to 4.00% and are due October 1, 2040.

Note 18: Adoption of GASB Statement Nos. 68 and 71

The implementation of GASB Statement Nos. 68 and 71 (as discussed in *Note 1*) resulted in the restatement of beginning net position for the recording of the beginning net pension liability/asset, removal of the net pension obligation under GASB Statement No. 27 and recording the beginning deferred outflows/inflows of resources.

	Government-Wide Statement of Activities	
	Governmental Activities	Business-type Activities
Net position at January 1, 2015, as previously reported	\$ 163,907,437	\$ 6,211,706
Reversal of net pension obligation as of January 1, 2015	4,233,051	1,993,140
Recording of net pension liability as of January 1, 2015	(47,496,424)	(8,991,750)
Recording of beginning deferred inflows/outflows of resources as of January 1, 2015	7,481,834	1,404,045
Net position at January 1, 2015, as restated	\$ 128,125,898	\$ 617,141

The adoption of GASB Statement Nos. 68 and 71 had the same impact on the proprietary fund financial statements as the business-type activities at the government-wide level.

Cost-of-living adjustments	None	None	None

Note 2: Budgets and Budgetary Accounting

Budgeted revenues and expenditures represent the formal operating budget adopted by the City Council, as amended by the City Council during the year. Budgetary control is maintained at the departmental level. Budgeted amounts not spent by year-end lapse in personnel services and operating accounts. Amounts for capital projects that are underway but not finished may be rolled forward to the following year if requested by the department head. Expenditures greater than budgeted amounts must be approved by City Council voting to amend the budget. Department heads have the authority to submit a budget adjustment request to the finance department for approval if the adjustment is within a budget category and is within their approved total for the category. The chief financial officer may present the request to the mayor if the request seems unusual or noteworthy. The mayor may choose to take any request to the City Council if it is one that may be unusual or highly visible. All budget transfers are documented by the budget analyst and tracked in the City's computerized financial system. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the funds. All annual appropriations lapse at year-end.

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP). The *Budgetary Comparison Schedules* for the General and Street Funds present the original and revised budget amounts in comparison to the actual amounts of revenues and expenditures for the current year.

Other Required Reports

Independent Accountant's Report on Compliance with Certain State Acts

The Mayor and City Council
City of Conway, Arkansas

We have examined management's assertions that the City of Conway, Arkansas (the City), complied with the requirements of Arkansas Act 15 of 1985 and the following Arkansas statutes during the year ended December 31, 2015.

- (1) Arkansas Municipal Accounting Law of 1973, § 14-59-101 et seq.;
- (2) Arkansas District Courts and City Courts Accounting Law, § 16-10-201 et seq.;
- (3) Improvement contracts, §§ 22-9-202 – 22-9-204;
- (4) Budgets, purchases, and payments of claims, etc., § 14-58-201 et seq. and § 14-58-301 et seq.;
- (5) Investment of public funds, § 19-1-501 et seq.; and
- (6) Deposit of public funds, §§ 19-8-101 – 19-8-107.

Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City of Conway, Arkansas, complied, in all material respects, with the aforementioned requirements for the year ended December 31, 2015.

This report is intended solely for the information and use of the governing body, management and the State of Arkansas, and is not intended to be, and should not be, used by anyone other than these specified parties.

Single Audit Section

**Independent Auditor's Report on Internal Control over
Financial Reporting and on Compliance and Other Matters Based on an
Audit of the Financial Statements Performed in Accordance with
Government Auditing Standards**

The Mayor and City Council
City of Conway, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Conway, Arkansas (the City), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated September 30, 2016, which contained an emphasis of matter paragraph regarding a change in accounting principle and a reference to the report of other auditors. Other auditors audited the financial statements of Conway Corporation and the City of Conway Advertising and Promotion Commission as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting (internal control). In planning and performing our audit, we considered the City's internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the City's management in a separate letter dated September 30, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This communication is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance

Independent Auditor's Report

The Mayor and City Council
City of Conway, Arkansas

Report on Compliance for Each Major Federal Program

We have audited the compliance of City of Conway, Arkansas (the City), with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended December 31, 2015. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, contracts and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2015.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule

1. The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Conway, Arkansas, under programs of the federal government for the year ended December 31, 2015. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Conway, Arkansas, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City of Conway, Arkansas.

City of Conway, Arkansas
Schedule of Expenditures of Federal Awards
Year Ended December 31, 2015

2. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The City of Conway, Arkansas has elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
