

CITY OF CONWAY, AR PERMIT TO EXCAVATE IN STREET R.O.W.

Name: _____ E-mail or Fax: _____

Address: _____ Phone #: _____

Hereby requests a permit to perform excavation work (trenching or trenchless) in the street right of way (paved or unpaved) for each of the following locations (INCLUDE A SITE PLAN SHOWING EACH LOCATION):

LOCATION	SIZE
_____	_____
_____	_____
_____	_____
_____	_____

For the purpose of: _____

The work is proposed to commence on _____ (date) and is anticipated to be completed by _____ (date). The permittee understands the requirements of City Ordinance A-460 and agrees to comply with all requirements established therein. All pavement repair shall be completed in accordance with the City of Conway Standard Detail ST-3.

The permittee will provide SURETY (bond or cash deposit) in the amount of \$_____ (\$25 per sq. ft. of repair) to assure final repair of the pavement and repair of any other damage. At the option of the City, City Forces may perform the work and the permittee agree to pay the cost submitted by the City for the street repair work. The permittee also agrees to repair any damages made to Conway Corporation (city owned) utilities during the excavation.

The permittee shall submit, along with this application, a fee in the amount of \$5 (Payments shall be made to the City Clerk and a receipt submitted to the Street Dept. with permit). Upon approval, the permittee shall contact Mike Jetton; (501) 269-2125 to coordinate inspection services as required by this permit.

Permanent repair to be completed within 5 days of work commencement unless otherwise approved by the City Engineer. Permit for emergency repair work to be submitted within 48 hours of repair being made.
